

REPAIR REBELS

Founders Associate - Full-Time (m/w/d)

<https://www.repair-rebels.com>

Starting date: By arrangement

About the Company:

Repair Rebels is an online platform, which bridges the gap between digital fashion consumers and analog clothing and shoes repair service providers. Our mission is to make fashion repairs as easy and as fun as buying new, just more local and social! We curate experienced craftsmen, take care of the payment, pickup and delivery processes and provide a full transparency and smooth digital experience along the complete value chain. By digitalising the local crafts industry, we offer a real alternative to the “buy, use, dispose” culture and foster a “Circular Economy” approach to fashion production and consumption. In addition to our D2C offering, we are now starting to work with brands and retailers to provide them with a tailor-made “care and repair” solutions for their customers, enabling meaningful customer relationship building and helping them to meet their ESG goals. Repair Rebels is currently operating in Düsseldorf and is looking to expand to Cologne, Frankfurt and Munich. Thus, we are now looking for an energetic Founders Associate to join the team and support our geographical and strategic business expansion.

About the Role:

As a Founders Associate you will work alongside the Repair Rebels Founder & CEO, Dr. Monika Hauck, in developing all the essential elements of the business - from supporting the technological product development to creating the marketing strategy, from sourcing local craftsmen to building key strategic B2B partnerships. An ideal candidate should have an understanding of the fashion business ecosystem in Germany, be able to contribute to building strong relationships, and implement strategies that will increase the success of our day-to-day operations. Ultimately, you will work directly with our partners and will be accountable to help solve their problems and ensure their satisfaction with Repair Rebels services. You will help us to identify new growth opportunities and support our city expansion in Germany and beyond.

Qualifications & Skills

- Work experience in strategy consulting, fast growing tech startup or an established fashion company
- Bachelor's, Master's or MBA degree
- Sharp analytical skills as well as a hands-on mentality
- Exceptional ability to communicate and foster positive business relationships
- Fluency in German and English, any other language is a plus
- Ability to bring an outside perspective to the table and share your thoughts
- Track record of accountability, teamwork and organisational skills
- Proactive and a natural can-do attitude

Benefits

- Job with purpose - creating impact and shaping the future of sustainable fashion
- Energetic and international team, which is passionate about what they do
- Access to an established network in the fashion and startup scene
- Remote work with the possibility to work from our offices in Düsseldorf or Cologne
- Steep learning and career growth curve and access to ESOP

If this role looks like your next challenge, apply now by sending us your documents to jobs@repair-rebels.com We can't wait to meet you!
